Update on Jess's travels to Nepal

Our Dental Hygienist / Therapist, Jessica Claire travelled to Nepal in October and completed a voluntary 6 day dental camp in a small village called Nuwakot. "The village was badly affected by the earthquake in 2015 and is still trying to recover. The team consisted of 40 volunteers who came from the UK, Nepal, India and Omen. We set up camp in the local school and the classrooms were our make shift surgeries. We had to take all our equipment with us including dental chairs, medicines and instruments."

"The experience was incredible and I would love to do another camp in the future" Jess said. In the 6 days the camp screened a total of 771 patients, carried out 855 fillings and 335 scale and polishes and extracted 289 teeth. Well done Jess!
